But where do you find the most interesting videos? Easy enough. In the next three minutes we will give you some starting points.

Hoi iedereen

Ik heb de opdracht gekregen een notebookles te maken met twee tools in. Ze dachten aan de tools: vier op een rij en waagstuk.

Ik heb eerlijk gezegd totaal geen idee waar het over gaat en hoe je dit kan integreren in je les zodat dit didactisch verantwoord is :-/

Heeft er iemand een voorbeeld dat ik mag gebruiken?
Ik dank jullie heel hard!!

Lieve groetjes.
